

## Cabin John Park, Maryland

### Bird Checklist

Adapted from the Montgomery County Bird Club compilation of 2008, the following list contains seasonal abundance information for **89 species** of birds that regularly occur within the Cabin John Park area during a season, or more, of the year. They are listed alphabetically.

Seasons noted are: **Spring** (Mar – May), **Summer** (Jun – Jul), **Fall** (Aug – Nov) and **Winter** (Dec – Feb)

<b>C</b>	<b>Common to abundant</b> – Bird should be seen or heard readily if searched in suitable habitat.
<b>U</b>	<b>Uncommon</b> – Bird is generally present at the right time of year and correct habitat, but may not be seen or heard due to its secretive behavior or relative scarcity.
<b>O</b>	<b>Occasionally present</b> – Bird is generally seen or heard but a few times during a given season.
<b>R</b>	<b>Rare</b> – Bird not seen every year, even during right time of year and correct habitat.
<b>blank</b>	Seldom if ever present during that period

Species	S	S	F	W
Blackbird, Red-winged	C	C	C	C
Bluebird, Eastern	C	C	C	C
Bunting, Indigo	C	C	C
