

Find Cherry Trees in Montgomery Parks

Enjoy blooming cherry trees in Montgomery Parks this spring. Use our interactive map to find them.

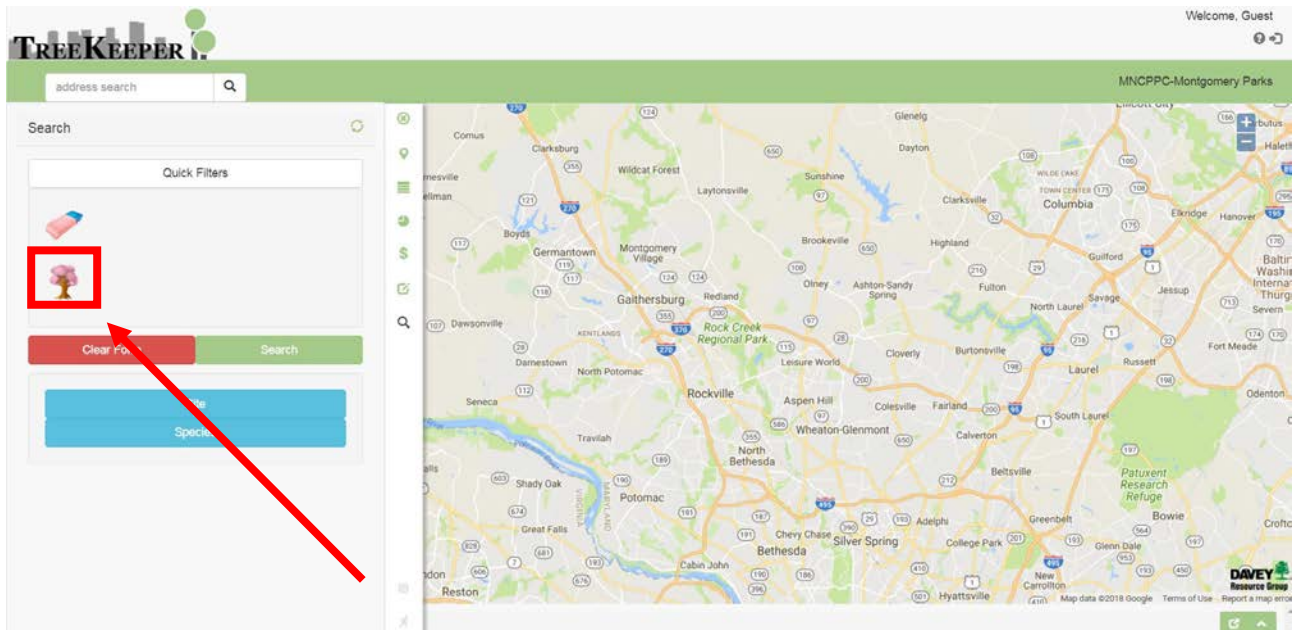

- 1) Go to <https://montgomeryparksmd.treekeepersoftware.com/>.

2) Click on the magnifying glass on the left.

3) Next, click on the cherry tree icon in "Quick Links".

- 4) Then, you will see lots of yellow dots on the map and a spreadsheet below. The yellow dots represent an inventoried cherry tree in Montgomery Parks. The spreadsheet below has information about each tree, including location and species.

1 - 100 of 199 Items

- 5) Click on a yellow dot to learn information about the tree location. A red star appears on the dot you click on. Then, an information pops up with tree location.

Site Information

- Trees: Sligo Creek; Sligo Creek SVU 2
- Trees: Sligo Creek; Sligo Creek SVU 2

- 6) You can also locate tree and tree species with the spreadsheet. Click on a green pin. The tree shows on the map as a red star. A site information box for the tree appears on the right.

The screenshot displays a web application interface for tree management. At the top, a map shows a street grid with a red star icon marking a specific tree location. A red arrow points from a green pin in the table below to this star on the map. Another red arrow points from the star to a 'Site Information' box on the right, which displays details for a 'Cherry, Japanese Flowering' tree. Below the map is a 'Matches' section with a 'Trees' filter selected, showing a table of 199 total items. A red arrow points from the first row of the table to the map. The table has columns for Site ID, Management Region, Park Name, Species, and DBH.

Site ID	Management Region	Park Name	Species	DBH
2612	Cabin John	Caroline Freeland UP	cherry, Japanese flowering (...)	14
