Earth Bench 10th Anniversary Celebration

Join us at the Discovery Center for a celebration of the Black Hill Earth Bench. Ten years ago, our Earth Bench was built using 1,000 lbs. of recycled materials including bricks made of plastic trash, broken concrete, bamboo, clay, stone, and recycled tile mosaics. Two hundred and sixty-five volunteers from our community, including families, Friends of Black Hill members, and local students, worked 1,100 hours to create a unique bench, which has become a gathering place to enjoy the fabulous view of the meadow, lake, and gorgeous sunsets. We hope to see many of you that contributed to this amazing project enjoyed by so many visitors. Event details will be posted later.

MINDFULNESS & WELLNESS

Forest Bathing

Forest bathing promotes wellness through deepening our connection to natural environments. Based on the Japanese practice of Shinrin-Yoku, which translates as “taking in the atmosphere of the forest.” This 2-hour session, led by certified forest therapy guide Adria S. Zeldin, will guide you through mindfulness-based sensory invitations to help you slow down, awaken your senses, and reconnect with nature. Please dress comfortably with the weather in mind. We will be outdoors and moving slowly so you may want to bring extra layers. There may be times that you wish to sit, so a blanket or mat may make your experience more enjoyable. This trail difficulty is moderate. The trail is on natural surfaces with dirt, rock and rut. Trails steepness varies and some trails will only be accessible with stairs. Registration required for 18 and up.

Skating is fun, and great exercise for you and your child! This class teaches toddlers (ages 3-5) beginning skating skills with Mom or Dad right there to help them feel safe. We'll teach your child how to fall down and get up, and march while moving on the ice. Parents will need basic skating skills in order to skate with their child. Fee covers registration for child and parent, skate rental for child and parent, and a practice card good for admission to six public skate sessions to practice skills learned in class. Register only the child for the course. Equipment Required: Helmet & Gloves.

Match Play 3.5 Tennis

The 3.5 player has dependable strokes, but still lacks depth, variety, and the ability to alter distance of shots. This player is more comfortable at net, has improved court awareness, and is developing teamwork in doubles. First half of class focuses on needed drills and skills. Class finishes with a session of supervised match play. Instructor reserves the right to transfer you up or down a level if you are not closely matched in skill level.
