VOLUNTEER IN PARKS

Naturally!

Volunteering in Montgomery Parks is such a natural thing to do!

We love the folks in our community who get involved—and we think you'll love volunteering with us too. Check out some of our Winter opportunities below, and go to ParksVolunteers.org to see all of our most up to date postings!

- ★ **Honor the life and legacy of Dr. Martin Luther King Jr. by giving back.** Find Park Cleanups and other activities at ParksVolunteers.org.
- ★ **Weed Warrior Workdays** – Help save the trees from non-native invasive plants by joining one of our staff (or trained volunteer) led event.
- ★ **Help keep our Park watersheds clean by joining one of our staff-led cleanups, or hosting your own!**
- ★ **Park Police are looking for volunteers to assist in keeping our parks safe.** Training Academy starts in spring.
- ★ **Nature Center Gardeners** – Spring is coming and our native gardens are waking up. Gardeners help keep them attractive and appealing to park visitors and pollinators alike.

LONG TERM

- ★ **Kingsley Schoolhouse Docents, Clarksburg** – Share what a “schoolmaster” taught children of all ages in our historic one room schoolhouse.
- ★ **Oakley Cabin Docents, Olney** – Give tours of our 19th century cabin that was home to African Americans from the 1870s to the mid-20th century.
- ★ **Stream Striders, Watershed Cleanup Leaders – Winter Training**
Teach groups about why it is important to keep our parks and streams litter free.
- ★ **Instructional Ice Skating Aides, Cabin John Ice Rink, Wheaton Ice Arena** – Assist the Instructors with skating lessons and programs at the ice rinks. Skating experience is required.

CONSERVATION

How to Keep Freshwater Clean

Join us in a workshop on the power of people and science to protect the "freshness" of our waterways. Road salt (sodium chloride) keeps us safe on roads and sidewalks but can be dangerous when it washes into creeks and streams. Fish, stream bugs, birds, frogs, salamanders, and even us humans are at risk when these waters become too salty! Fear not, for Salt Watch offers an easy way you and your neighbors can help. Meadowside Nature Center is hosting Salt Watch, an organization that teaches residents how to monitor road salt. Together, we will discuss road salt in our local environment, test water samples, and learn how to monitor road salt at home. This will be held indoors at Meadowside Nature Center.

This is a fast-paced class to help late starters catch up to the higher levels and advanced hockey classes. In an effort to maximize the full 6 weeks of instruction, participants are strongly encouraged to practice outside class time. Helmets and gloves are required (bike helmets are acceptable).

Adult Match Play 4.0 Tennis

The 4.0 player has dependable strokes with directional control and the ability to alter depth of shots on both forehand and backhand sides during moderately paced play. This player also has the ability to use lobs, overheads, approach shots, and volleys with success. This player occasionally forces errors when serving. Points may be lost due to impatience. Teamwork in doubles is evident. Class finishes with a session of supervised match play. Instructor reserves the right to transfer you up or down a level if you are not closely matched in skill level.
