### Adaptive Camp: Naturally Me

Looking for a camp for your child to make friends, spend time outside, and explore nature at their pace? Naturally Me (formally known as SENSE-sational Summers) is a half-day camp designed for neurodivergent campers or those with sensory and processing needs. Fast pace or slow, loose instruction or help step-by-step, camp staff are dedicated to meeting the needs of each camper during activities and lessons. Campers can expect to go on hikes, learn about ecosystems and habitats, say “hello” to the nature center animals, make a splash in Rock Creek, and create crafts. This camp will provide a low staff-camper ratio of 1:2 (one teacher for every two campers) and class size will remain small. One on one support is not available. Participants must be independent with personal care and hygiene practices. If participants are not independent, a family member or designee may be called to provide this accommodation at camp. Campers must also be able to independently transition activities and locations. Every parent/guardian must complete a Modification Intake Form to help us learn about each camper and submit these forms at least two weeks before the start of camp. Activities are subject to change due to inclement weather, camper needs, and interest. Most outdoor surfaces are not paved, and the trails will be a mix of uneven dirt (small hills, tree roots, and small rocks), grass, and/or mulch.
