SUMMER CAMPS AT PAULINE BETZ ADDIE TENNIS CENTER

Totally Tennis

Take your game to the next level while making new friends in this fun, week-long (and air-conditioned) camp for kids ages 8 to 14. Campers will be divided by age and experience. Younger campers and beginners will enjoy games-based activities that teach the fundamentals: eye-hand coordination, movement, and basic tennis strokes plus parts of the court, scorekeeping, and etiquette. Older and more experienced players will be grouped to ensure they get a good challenge during drills and point play with peers while working to improve technique, consistency, and competitive strategy. There will be plenty of time for warm-ups, cardio, and cool down throughout the day, along with breaks for snacks and lunch plus some off-court fun. Totally Tennis campers will enjoy a positive learning environment that not only builds tennis skills, but also fosters teamwork, self-confidence, and sportsmanship. Fridays at Totally Tennis will finish with a mini tournament featuring match play and large group games adapted for all ages and levels. Sneakers and comfortable clothing are a must. If you need to borrow a racquet, we are happy to loan you one. Please bring a non-perishable lunch (peanut free due to allergies), a refillable water bottle, and snacks to last for a full day of camp.

Welcome to Nature’s Playground, a summer camp designed specifically for young campers to explore the outdoor world through sensory and imaginative experiences. Each day will include opportunities to meet new friends (human and animal!) while getting messy, dirty and wet! Campers will be outside for the majority of the camp romping through woods and meadows, and exploring Meadowside’s unique nature play space. Children must be fully toilet-trained to enroll. This is a half-day camp from 9am-12pm. Please note, there will be no camp on Friday, June 19.

Mission Possible Camp

Do you have what it takes to become a special agent? Find out this summer at Meadowside Nature Center's first ever Mission Possible Camp. Each day you will learn new skills in observation, teamwork, competition, and survival. Your new skills will be put to the test as you complete missions in the natural elements. Each mission will bring you one step closer to special agent status- find out what's possible. Please note, Mission Possible Camp will include competitive activities and will be held primarily outdoors, barring extreme weather. It is recommended for children who are comfortable spending several hours outside in the summer, and can successfully participate in both cooperative and competitive activities. Please note, there will be no camp on Friday, July 3.

Grossology: Nature is Downright Disgusting

Get ready for a week of gut-churning, eye-watering, absolutely vile fun! We're not just learning about nature; we're getting up close and personal with its nastiest, ooziest, most horrifying secrets. We will use our hands to explore bird barf, slip through the digestive system, and even eat snacks shaped like poop! If you've got the stomach lining of a vulture and a love for the absolutely bizarre, disgusting, and strangely educational, then this camp is calling your name! Warning to Parents: The camp teacher is officially washing their hands of any gross language, questionable scientific facts, or sudden loss of appetite that your camper brings home. You've been warned.
